

The Living Truth Fellowship

MAGNIFYING JESUS CHRIST, THE LIVING TRUTH

2024 Strategic Plan

This document is an outline of the Strategic Plan of The Living Truth Fellowship (TLTF) for 2024. As such, it is meant to provide the reader with an overview of the direction TLTF is going. A few explanatory sentences about each topic are included, as well as key bullet points.

TLTF's finances are solely based on the donations of its members. Besides providing materials, teachings, and fellowships to bless our constituents, we desire to foster financial partnerships with people that are blessed by and believe in what we are doing. Our primary budget is based on donations, which make up nearly all of our income. We offer all our materials for free and only charge what it cost us to print our books.

In order to action the Strategic Plan and meet the needs of the ministry, which do fluctuate, dedicated people are needed full and part time. In order for people to accomplish the work we need to be done, they need a salary, unless they do not require any monetary compensation. Currently TLTF workers, are all volunteers except for Franco who is a paid employee.

- Franco Bottley: President / Chairman of the Board
- Gary Lee Corns: Vice President / Board of Trustee
- Marc Dickie: Secretary/Treasurer / Board of Trustee
- Christina Bottley: Social Media and Prayer Team Coordinator
- Rosanne Martino: Bookkeeper

TLTF leadership have proposed projects listed below, some of which we are currently working on, and others we have yet to do.

TLTF Projects for 2024

Written Articles to our Website: These articles consist primarily of excerpts that have been taken from our published books. Franco intends to modify and expand upon them and add them to the article section of our ministry website.

New Creation Science Videos: Franco is planning to add additional new videos to our current 40+ on the subject of Creation vs Evolution. This is a section on our website dedicated to the understanding that God speaks to His people through His entire creation, and to help people understand that true science points to God as the Creator of all things. These videos on a variety of subjects such as Geology, Evolution, Creation, Fossil Record, and Genetics are stunning presentations on evidence that speaks loud on the side of all life having an intelligent design to it.

MAGNIFYING JESUS CHRIST, THE LIVING TRUTH

YouTube Mini Teachings: These are ministry promotional videos consisting of short, 10-minute teachings that reference longer teachings and bigger body of works posted on our website. The idea behind this is to help facilitate building a desire in people to invest more time in learning deeper truths, thereby introducing them to more comprehensive information.

Produce New Seminar on Utterance Manifestations: We are looking to produce a comprehensive teaching series to expand on the utterance manifestations. There is much that we have learned (and had to unlearn) on this subject. This seminar is being presented to help clarify, answer questions, and shed additional light on this vital subject.

TLTF Promotional Videos: Franco has been working on producing some marketing videos to gain TLTF's exposure to new people. The titles to current projects that have started in production are:

- Absolute Truth
- See What's Possible
- True Joy
- Come Unto Christ
- God's Invitation

Truth Video Series: This video series will be in the setting and style of an interview - i.e., one person "interviewing" another about a specific subject in a short, truthful, and visually impactful video.

Have You Considered? Teaching Series: Similar to the podcast called: "Just Thinking." This would be two people having a conversation about a biblical topic. An example would be: 50 Questions and turn them into a series, using an interviewer format of question-and-answer discussion. We are considering including a Scripture Series that would consist of multi-part teachings on a given Biblical subject.

Quick Bits: 5-to-10-minute videos to ask relevant questions concerning the current world we live in. These materials would point people to where they can learn what the Bible says about these issues.

Connected in Christ: This is our one of our monthly ministry fellowships which changes each month with different guest teachers and other exciting presentations of God's Word.

TLTF Hangout: Every third Wednesday of the month we offer a fellowship to come together to build strong relationships among the body of Christ. TLTF Hangout does this by an informal no agenda hangout to bring family and friends together for prayer, strengthening relationships and spiritual growth.

Other TLTF Outreach Plans

Other ministry outreach plans are to produce a *TLTF Worship Album*, create a practical application series of seminars, publish additional outreach and teaching materials, and expand our base of leadership and teachers.

We would also like to produce a practical application series of seminars, to include vital teachings on subjects such as:

- Building godly marriages
- Reaching teens / young adults
- Raising godly children
- Proper sexual behavior

Our teaching videos have tens of thousands of views. We want to find ways to encourage these viewers to join our mailing list, visit our website, and become active in internet and/or local fellowships. We have both weekly and monthly online fellowships, which are advertised on our website in our Calendar of Events, as well as by way of email reminders sent out to our mailing list, and social media.

As you can see, we have great ambitions to do as much as possible to help bless others with the truth of God's magnificent Word. We thank you for partnering with us with your love, prayers, and financial support as we do our utmost for His Highest.

God bless you!

Franco Bottley

President / Chairman Board of Trustees

Gary-Lee Corns

Vice-President

Marc Dickie

Secretary/Treasurer
